

LEVEL UP YOUR COW SENSE SKILLS

With Cow Sense College

COW SENSE COLLEGE TRAINING COURSES

These training sessions are designed to supplement the documentation and Video Tutorials included with your Cow Sense purchase to help you get the very most from your Cow Sense NxGen programs. These courses are designed to provide a basic understanding of the navigation, use and reporting capabilities of Cow Sense NxGen and companion products.

Join up to 4 other participants using the Internet, your computer, and a phone as we bring our powerful training right into your home or office. Learn from other participants as you share your experiences.
