

Cow Sense College Checklist

Please perform checklist items listed prior to the start date of your Cow Sense College course.

Computer & Internet Access:

You will need a computer with reliable internet access allowing you to log into Zoom and view the shared screen and visual instructions that the instructor will share.

Telephone/Audio Access:

You will need at least one phone line for the conference call connection OR a computer with audio capabilities to communicate with the group in the training session.

Cow Sense Version Check & Update:

- Open Cow Sense and go to Help > About Cow Sense and note version number
- If you have v5.4.02.1210 you are running the most updated version
- V5.4.02.1210 is not necessary to participate in class, however instruction for class will come from v5.4.02.1210 and some features may appear that are unfamiliar if your version is not current.
- To update to v5.4.02.1210, in your Cow Sense program go to Help > Check for Update and follow the prompts
- If you have a version of Cow Sense prior to v5, please email training@cowsense.com

If you have any questions please email training@midwestmicro.com
